Attached please find our final drafts, issued today. If you know any firms that provide these services, please send me your contact(s) and I will forward it to them with the brief introduction/instructions that I just sent to others so they will have the same informations as all other vendors.

I have sent these to the firms/orgs that handle the majority of BID services in LA (in most cases, to at least two contacts per firm.)

Responses are due Thursday, October 19 at 3 PM (PST.)
